1. We have audited the attached financial statements for year ended 31 December 2012 of Przedsiębiorstwo Robót Inżynieryjnych "POL-AQUA" S.A. ('the Company') located in Warsaw at Adama Branickiego 15 Street, containing the income statement and the statement of comprehensive income for the period from 1 January 2012 to 31 December 2012, statement of financial position as at 31 December 2012, the cash flow statement and the statement of changes in equity for the period from 1 January 2012 to 31 December 2012 and the summary of significant accounting policies and other explanatory notes ('the attached financial statements').
2. The truth and fairness<sup>1</sup> of the attached financial statements, the preparation of the attached financial statements in accordance with the required applicable accounting policies and the proper maintenance of the accounting records are the responsibility of the Company's Management Board. In addition, the Company's Management Board and Members of the Supervisory Board are required to ensure that the attached financial statements and the Directors' Report meet the requirements of the Accounting Act dated 29 September 1994 (2009 Journal of Laws No. 152 item 1223 with subsequent amendments – 'the Accounting Act'). Our responsibility was to audit the attached financial statements and to express an opinion on whether, based on our audit, these financial statements comply, in all material respects, with the required applicable accounting policies, whether they truly and fairly<sup>2</sup> reflect, in all material respects, the financial position and results of the operations of the Company and whether the accounting records that form the basis for their preparation are, in all material respects, properly maintained.

4. In our opinion, the attached financial statements, in all material respects:
  - present truly and fairly all information material for the assessment of the results of the Company's operations for the period from 1 January 2012 to 31 December 2012, as well as its financial position<sup>3</sup> as at 31 December 2012;
  - have been prepared in accordance with International Financial Reporting Standards as adopted by the EU and based on properly maintained accounting records;
  - are in respect of the form and content, in accordance with legal regulations governing the preparation of financial statements and the Company's Articles of Association.
5. Without qualifying our opinion, we draw attention to the following issue. In 2012 the Company incurred a net loss amounting to PLN 176.8 million, which might indicate potential threats to going concern within 12 months after balance sheet date. In note 7 of other explanatory notes to the attached financial statements the Management Board has disclosed circumstances related to the Company's ability to continue as a going concern and actions undertaken in order to improve the Company's liquidity position and financial results, including support received from the majority shareholder. Taking into consideration actions described in the aforementioned note, the attached financial statements have been prepared by the Management Board on a going concern basis. The financial statements do not include any adjustments, which would be necessary in case the going concern condition was not met.
6. We have read the 'Directors' Report for the period from 1 January 2012 to 31 December 2012 and the rules of preparation of annual statements' ('the Directors' Report') and concluded that the information derived from the attached financial statements reconciles with these financial statements. The information included in the Directors' Report corresponds with the relevant regulations of the Decree of the Minister of Finance dated 19 February 2009 on current and periodic information published by issuers of securities and conditions for recognition as equivalent the information required by laws of non-EU member states (Journal of Laws No. 33, item 259 with subsequent amendments).
